27, 28 & 29 SEPTEMBER
2012

27 September

Rosa Barba European Landscape Prize finalists

The Biennial

Since its first edition, the European Landscape Biennial has expressed its desire to intently study and discuss landscape interventions, as much from the perspective of landscape architecture as from other disciplines that are linked to its study and evolution.

The Biennial has been consolidated on a European scale in its six previous editions—“Remaking Landscapes” (1999), “Gardens in Arms” (2001), “Only with Nature” (2003), “Landscape: a Product / a Production” (2006)—Storm & Stress (2008) and “Liquid Landscape” (2010). Furthermore, the Biennial approaches the international scale in last edition through our invited countries (as we have focused on the contemporary landscapes of USA and China) and this edition as a wider overview. Barcelona will open itself to landscape in a symposium adapted to contemporary circumstances. This symposium will last three days and will include talks, presentations by those finalists competing for the Rosa Barba European Landscape Award, papers, roundtable discussions, exhibitions and samples from which we will be able to track and discuss the evolution of landscape design in Europe.
